## Summary

**Have my original identity, education, employment, bank, tax, past immigration documents and statements and even passport having stampings.**

Hint: Container / Dog travel stories are either criminals creating false alibi's for getting away from crime or drug paddlers or loan defaulters. Showing off other people's purchases are "athukulu". I was targeted by them, but I am NOT them. Anyone who supports should be considered as helping criminals.

**How can code names of 'e.r / t.u / o.s / s.o / i.s / b.s' work on my identity when I worked on my own identity? Even if they worked anonymously, they wouldn't have paid taxes and would have done illegal immigration and might have worked else-where or may be odd jobs.**
